Craig,

We inspected the gate and found it secure with the chain/lock/door mechanism in fair order. The gate needs to be re-aligned so that the metal doors meet properly. I'll follow up this week.

All other gates were in good order and the walk in gate/chain was secure in the open position.

We issued a work order to inspect and adjust the timer for the lights starting at sunset, daily.

Albert,

Thank you much, I did lock it best I could, so the lock seems temporarily secure , but probably s good idea to send that person.

Thanks a lot , really appreciate your response .
